

Dear Colleague,

Something special happens when family doctors meet. We share patient stories, practice innovations, personal insights, and our hopes for a better world. We learn about new ideas, different cultures, and each other. We become friends.

For many years, the Scandinavian Delegation of Family Physicians has been helping family doctors from the Danish College of General Practitioners, Swedish Association of General Practice, and Norwegian College of General Practitioners travel the world, meet other family doctors, and make new friends.

Join in the fun. Bring your family. Travel with old friends to see the world, and make new friends along the way. You will be happy you did.

See you soon,
